OBJECTIVE

A multidisciplinary Computer Science (Multimedia Computing) student with a background in Occupational Therapy, bringing a unique human-centered perspective to digital design and development. With hands-on experience spanning rehabilitation tool fabrication, game development, mobile applications, and 2D/3D design, I approach problem-solving thoughtfully and creatively. I thrive in collaborative team environments with strong mentorship, and I am eager to learn, contribute, and grow through a meaningful internship experience. Available to start internship in **2026**.

ACADEMIC QUALIFICATION

UNIVERSITI TEKNOLOGI MARA (UiTM) SHAH ALAM
Bachelor of Computer Science (Hons.) Multimedia Computing
CGPA: 3.00
Focus: 2D/3D Animation, Game Development, Interactive Systems,
Software Engineering, Mobile Application Development

*Shah Alam,
Selangor
Oct 2023 – July 2026*

UNIVERSITI TEKNOLOGI MARA (UiTM) BERTAM
Diploma in Occupational Therapy
CGPA: 3.21

*Bertam,
Pulau Pinang
2019 - 2022*

SKILLS & LANGUAGE

Programming & Markup:

- JavaScript, TypeScript, HTML, CSS – used to build and deploy working applications
- SQL, Java, C++ - able to read, understand and modify existing code.

Frameworks, Libraries and Platforms:

- React, Node.js, Supabase, Git & GitHub, Visual Studio Code
- Android Studio, Unity, Construct 2D, Blender, Adobe Animate

Design & Productivity:

- Canva, Microsoft Word, Microsoft Powerpoint

Language:

- Malay: Advanced (Speaking & Writing)
- English: Intermediate (Speaking & Writing)

WORK EXPERIENCE

Intern, Occupational Therapy

Hospital Tuanku Fauziah, Perlis | 2022

- Assisted occupational therapists in delivering rehabilitation programs across physical, cognitive, and daily living domains.
- Engaged directly with patients and collaborated within a multidisciplinary clinical team, developing strong interpersonal and communication skills.
- Independently designed and fabricated “Stephy Box”, a mirror therapy box for upper limb stroke rehabilitation, to support motor recovery through visual feedback techniques, contributing to the department’s therapeutic toolkit.

**Drill Instructor (Jurulatih Kawad Kaki) – Volunteer PPIM, KRS, and PKBM
SMK Abdul Jalil, Selangor | 2019, 2023, 2024**

- Trained and guided participants in marching drills over three separate years.
- Recognized with volunteer achievement awards for two consecutive years.
- Demonstrated leadership, discipline, and the ability to coach and motivate a team.

ACADEMIC & MULTIMEDIA PROJECTS

FinSage – Personal Financial Budget (Final Year Project)

- Designed and developed an Android mobile application for personal financial budgeting for using Android Studio.
- Handled full project lifecycle from UI/UX design to implementation and testing.

Delivery Bot Game – 2D Pixel Game

- Co-developed a 2D pixelated Unity game featuring a delivery bot collecting falling parcels.
- Contributed to game logic, visual design, and gameplay mechanics.

AskEllie: Automated Requirements Gathering Bot

- Served as **Software Tester** for a chatbot that guides stakeholders through structured requirement gathering.
- Conducted functional testing and documented test results.

Playground 3D Design

- Individually modelled a 3D dustbin and monkey bar using Blender.
- Collaborated on a full playground scene combining team members' 3D assets.

Penguin-Seal Shooter & Candy Kingdom Platformer

- Individually developed two games using Construct 2D.

LEADERSHIP & ACHIEVEMENTS

- President of Multimedia Computing Society (MMCS) – 2024/2025
- Pengarah Program “Taklimat Celik Kewangan Bersama KWSP EPF” – 2025
- Anugerah Khidmat Bakti Komuniti (Unit Beruniform) – 2023 & 2024
- 2nd Place – Pertandingan Pengucapan Awam, PEERs UiTM Shah Alam – 2023
